

St Norbert
College

LEARNING FROM HOME

ACADEMIC EXPECTATIONS

1	Look after your health. Do not attend school if you are unwell. If you are too sick to complete work from home, your parents/guardians must inform the College (via absentee@norbert.wa.edu.au).	
2	Check SEQTA at the start of each day. Read both the Daily Notices and your Direct Messages to find out what is required of you.	
3	Lessons will follow the normal pattern and times of the regular school day (Mon -Fri). School hours: 8:45am to 3:20pm each day.	
4	Each day will commence with Homeroom time. This may require you to log into your Homeroom team at 8.45am.	
5	At the start of each lesson, check in SEQTA and MS Teams for instructions and resources regarding the lesson. Students should respond to emails/messages from their teachers in a timely manner.	
6	If you are notified that your teacher is conducting an online lesson, log into your class team and use a 'like' to register your attendance. This will be recorded by your teacher.	
7	Make sure you stay up-to-date in all of your class work and study. For Year 11 & 12 students enrolled in external or online courses, use this time to get ahead in your courses.	
8	For practical courses, teachers will provide you with suggested home-based activities to keep your skills current.	
9	Notify your teacher of any technical problems immediately.	
10	All College policies including the College Code of Conduct (see College website) apply during online learning.
