

St Norbert  
College

# LEARNING FROM HOME INFORMATION FOR PARENTS

1	Do not send your child to school if they are unwell.	
2	If your child is isolating at home (having already informed the College) and they are too sick to complete work from home, please notify the College (via <a href="mailto:absentee@norbert.wa.edu.au">absentee@norbert.wa.edu.au</a> ) so that their teachers can be made aware.	
3	Parents should endeavour to provide the resources required for students to learn from home. This would include internet access.	
4	It is recommended that parents discuss boundaries and family expectations with their children should they be required to engage in learning from home.	
5	Students should follow their regular weekly routine. Parents are asked to support this by encouraging normal morning routines and sleep schedules.	
6	Parents should use email or SEQTA Direct Message to communicate with their child's teacher and the College.	
7	Parents should encourage students to maintain their physical and mental health during any absences from school. Students should be taking regular breaks in between lessons whilst learning from home.	
8	If parents have concerns about the impact of isolation on their child's mental health, please inform their Head of House or the Head of Year 7.	
9	All College policies including the College Code of Conduct (see College website) apply during online learning.
